

Profile Rail Cutting Device - PSG Duo

Advantageous

- For the most common DIN carrier rails, with hand lever operation
- Exactly and easily cuts profile and earthing rails.
- Standard version for TS 35/7,5 + 35/15 mm
- With rail support element for accurate 90° cuts
- With reinforced eccentric that lies directly above the shearing blade
- Little force required due to better force transfer
- Maintenance free
- Cutting without waste
- Shearing blade can be re sharpened
- Anodised, laser engraved length stop 1.000 mm long with rail support element for accurate angled cutting, with millimeter and inch scales
- Easy to fit to the work bench
- Scales in metric and inch measurements

Specifications
