

## Drill 10 mm - 630 W - DE 10 RX

**10 mm Keyless Metal Chuck**  
Quick and easy bit changes, durable

**Reversible Switch**  
Forward and reverse rotation

**Variable Speed Trigger**  
Complete user control

**Lock Button**  
Maximum safety and control

**4 m Cable**

### Advantageous

- Single high speed rotary drill
- The highest power and drilling capacity in its class
- Very rugged and robust for the most demanding user
- Excellent handling from a compact ergonomic design
- Keyless chuck Ø 1 - 10 mm with one sleeve
- IMB - Integrated Metal Block technology for highest durability and stability
- Electronic switch for variable speed to ensure a smooth easy drilling start
- Easy access and exchange of carbon brushes by removing soft grip
- Planetary gearbox for low speed and high torque applications
- Reversible action

### Specifications

|                         |                   |
|-------------------------|-------------------|
| Power input             | 630 Watt          |
| Drill Ø in steel        | 10 mm             |
| Drill Ø in aluminum     | 13 mm             |
| Drill Ø in wood         | 30 mm             |
| Speed under load        | 0 - 1.500 RPM     |
| No load speed           | 0 - 2.700 RPM     |
| Tool reception          | 1 - 10 mm         |
| Drive shank             | 1/2" x 20         |
| Chuck neck Ø            | 43 mm             |
| Static stalling torque  | 21 Nm             |
| Dimension ( L x W x H ) | 290 x 70 x 185 mm |
| Weight                  | 1.6 Kg            |
