

## Plasma Cutting Torch - Air Cooled Pro Cut 50

### Advantageous

- HF Plasma cutting torch technology
- Torch body protected by the outer handle
- Highly flexible cable
- Electrical safety device built into the handle and easily replaceable
- Low cost of components
- Dimensions and weight reduced up to 30% less than traditional torches
- Electrical Safety, the spring pins, which control electrical safety with the nozzle open, are no longer built into the torch body but inserted in the handle. So to change a single pin, it is no longer necessary to replace the whole torch head

Pos	Item Code	Item Name	MoQ
1	250.34.002.1	Nozzle Retaining Cap - Pro Cut 50 - 2 Pcs	1 Pack
2	250.34.003.1	Plasma Nozzle Ø 1.0 mm - 50 A - Pro Cut 50 - 10 Pcs	1 Pack
	250.34.004.1	Plasma Nozzle Ø 1.1 mm - 60 A - Pro Cut 50 - 10 Pcs	1 Pack
	250.34.005.1	Plasma Nozzle Ø 1.2 mm - 80 A - Pro Cut 50 - 10 Pcs	1 Pack
3	250.34.006.1	Swirl Ring - Pro Cut 50 - 2 Pcs	1 Pack
4	250.34.007.1	Plasma Electrode - Procut 50 - 10 Pcs	1 Pack
5	250.34.009.1	Torch Head - Pro Cut 50 - 2 Pcs	1 Pack
6	250.34.008.1	O Ring - Procut 50 - 1 Pc	1 Pack
7	250.34.012.1	Carriage - Procut 50 - 1 Pc	1 Pack

Specifications	
<b>Severence Cutting</b>	15 mm
<b>Quality Cutting</b>	10 mm
<b>Voltage Class</b>	M
<b>Standard Length</b>	6 m
<b>Air Consumption</b>	165 l/min
<b>Air Pressure</b>	5 bar
<b>Duty cycle 60 %</b>	50 A
<b>Duty cycle 100 %</b>	40 A
