

TIG Torch - Air Cooled - Pro Tig 17

Advantageous

- Air Cooled and Water Cooled torches, with various welding current
- The most flexible torch with ball joint on the handle and "Flexi Leather" cable assembly
- Full Copper torch body for higher duty cycle and less heat produce for demanding welding jobs
- Optional modular switch, On Off and welding current adjustment
- Silicone rubber torch body for maximum protection against High Frequency failure
- Welding accessories compatible with international standard

Specifications

Type of Cooling	Air
Gas Flow	7 - 15 l/min
Duty Cycle 45 % DC	150 A
Duty Cycle 45 % AC	125 A
Tungsten Electrode Ø	1.6 - 3.2 mm
