

## TIG Torch - Air Cooled - WP 17 V - 25 - 2

- Advantageous**
- Gas valve Air Cooled torches, with various welding current
  - Full Copper torch body for higher duty cycle and less heat produce for demanding welding jobs
  - Silicone rubber torch body for maximum protection against High Frequency failure
  - Nylon Ribbed handle for welding without any fatigue
  - Very flexible welding cable with high insulation level
  - Welding accessories compatible with international standard

**Specifications**

<b>Type of Cooling</b>	Air
<b>Gas Flow</b>	7 - 15 l/min
<b>Duty Cycle 60 % DC</b>	150 A
<b>Duty Cycle 60 % AC</b>	135 A
<b>Tungsten Electrode Ø</b>	1.6 - 3.2 mm
