

KOBECUT - TCT Cutter depth 35 mm

Main Applications

- Steel fabricators
- Shipyard
- Power plant
- Boiler
- Bridges

Chip Breaker System

1. Pre Cutter
2. Middle Cutter
3. Post Cutter

Universal Shank suitable for

- Mag Drill with Weldon
- Mag Drill with One Touch

Advantageous

- Suitable for drilling on cast iron, cast steel, carbon steel, alloy steel, stainless steel, copper, aluminum, etc.
- Drilling 5 times faster than twist drill, reduces the overall effort and time
- High performance tooling with pre, middle and post cutter, double bevelled tips for smooth drilling and less vibration
- Cutting tips geometry for steady flow of chips and preventing chip jamming
- Minimum cross section of chip removing surface - easy cutting, low torque, low energy consumption and low friction
- Better wall design enables cutters to cut faster and more efficiently by removing less material during drilling
